IN THE MATTER OF THE
DISCIPLINARY PROCEEDINGS AGAINST

DAVID R. MOCZYNSKI, R.PH.,
RESPONDENT.

:
:
:
: FINAL DECISION AND ORDER
: ADOPTING STIPULATION
: 89 PHM 31

The parties to this action for the purposes of Wis. Stats. sec. 227.53 are:

David R. Moczynski, R.Ph.
330 East Mason Street
Milwaukee, WI 53202

Pharmacy Examining Board
P.O. Box 8935
Madison, WI 53708-8935

Department of Regulation and Licensing
Division of Enforcement
P.O. Box 8935
Madison, WI 53708-8935

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final decision of this matter, subject to the approval of the Board. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. That David R. Moczynski, Respondent herein, was at all times relevant to this proceeding duly licensed under the provisions of Chapter 450, Wis. Stats., to practice as a registered pharmacist in the State of Wisconsin.

2. That David R. Moczynski holds a license as a pharmacist, number 7740, granted April 20, 1968.

3. That the Respondent's date of birth is August 14, 1944 and current address is 330 East Mason Street, Milwaukee, WI 53202.

4. On October 19, 1990, Respondent pleaded guilty to three criminal counts of dispensing cocaine, a Schedule II controlled substance under sec. 161.16(2)(b)(1). The foregoing violations occurred in October and December, 1985 and January 1986. On January 10, 1991, Respondent was sentenced to 6 months in a halfway house with work release privileges followed by 3 months house arrest, 3 years probation commencing concurrently, and imposition of a \$5,000.00 fine. As a condition of probation, Respondent was required to participate in a drug abuse program with urine drug testing and treatment, and 200 hours of community service. A copy of the order of the Federal District Court for the Eastern District of Wisconsin is attached hereto as Exhibit A.

5. From about 1984 through January 1986, Respondent Ordered cocaine from a drug distributor for his own use. Respondent has used cocaine without any legitimate prescription order of a practitioner from about 1984 to January 1986. A 1987 audit by the Drug Enforcement Administration revealed that 85 grams of cocaine had been dispensed without a prescription at Respondent's pharmacy. This diversion of cocaine was the basis for the criminal conviction described above.

6. Also on January 10, 1991, Respondent was cited for and plead guilty to 39 civil record keeping violations relating to controlled substances discovered in the 1987 audit by the DEA and was fined \$30,000.00 for those violations.

7. From 1968 to the present, Respondent has been part owner, operator and managing pharmacist of the Prescription Center Pharmacy, license #6127, in Milwaukee; Wisconsin.

8. On June 8, 1987 to July 5, 1988 Respondent voluntarily entered and participated in outpatient treatment for cocaine dependency at De Paul Rehabilitation Hospital in Milwaukee, Wisconsin. Respondent was discharged from that program because of lack of participation and because he simply appeared to be complying with treatment recommendations in order to maintain his license as a pharmacist. Respondent then entered outpatient treatment and monitoring through Addictive Disease Medical Consultants in September 1990 and has continued urine drug screen monitoring. Respondent presently continues urine drug screen monitoring as a condition of his probation through the Wisconsin Correctional Service, Outpatient Substance Abuse Program. All urine drug screens of Respondent through February 1993 have been negative, with no further report since of any positive drug screen.

9. Respondent, in consideration of this investigation and pursuant to the attached Stipulation, is willing to cooperate and abide by all requirements of the Pharmacy Examining Board for a resolution of this matter. Respondent has agreed to obtain a chemical dependency assessment at Milwaukee Psychiatric Hospital by Dr. William Benzer, and abide by treatment and monitoring recommendations, subject to the requirements of the Board.

CONCLUSIONS OF LAW

1. The Wisconsin Pharmacy Examining Board has jurisdiction over this matter and authority to take disciplinary action against the Respondent pursuant to Wis. Stats. sec. 450.10(1), and Wis. Adm. Code Ch. Phar 10.

2. The Wisconsin Pharmacy Examining Board is authorized to enter into the attached Stipulation pursuant to Wis. Stats. sec. 227.44(5).

3. Respondent's having been in possession of and used cocaine in violation of sec. 161.41(3) and having violated record keeping laws relating to controlled substances are violations and offenses substantially related to the practice of pharmacy, and constitute unprofessional conduct under sec. 450.10(1)(a)2. and sec. Phar 10.03(1) and (3), Wis. Adm. Code. and subjects respondent to discipline under sec. 450.10(1)(b), Wis. Stats.

ORDER

NOW. THEREFORE. IT IS HEREBY ORDERED:

That the STIPULATION of the parties, attached hereto, is ACCEPTED.

IT IS FURTHER ORDERED that effective on the date of this Order, the pharmacist license of David R. Moczynski, Respondent, shall be SUSPENDED for a period of not less than three (3) years. The Board in its discretion may restore Respondent's license to full, unlimited status only upon petition by Respondent after completion of the aforesaid suspension period, and a showing that Respondent has complied with all terms and conditions of this Order, and a demonstration that Respondent may practice pharmacy without condition or limitation.

1. The suspension shall be STAYED for a period of three months, conditioned upon compliance with the conditions and limitations outlined in paragraph 2., below.

a. The Respondent may apply for consecutive three (3) month extensions of the stay of suspension, which shall be granted upon acceptable demonstration of compliance with the conditions and limitations imposed on the Respondent for rehabilitation and practice during the prior three (3) month period.

b. The Board may without hearing deny an application for extension of the stay, or commence other appropriate action, upon receipt of information that Respondent has violated any of the terms or conditions of this Order. If the Board denies the petition by the Respondent for an extension, the Board shall afford an opportunity for hearing in accordance with the procedures set forth in Wis. Adm. Code Ch. RL 1 upon timely receipt of a request for hearing.

c. Upon a showing by Respondent of successful compliance for a period of three years with the terms of paragraph 2., below, the Board may grant a petition by the Respondent for return of full licensure.

d. The applications for extension under 1.a. and all required reports under 2.a-c. shall be due on the following dates:

Each and every December 1st, March 1st, June 1st,
and September 1st for the period that this Order
remains in effect, commencing December 1, 1993.

2. CONDITIONS OF STAY AND LIMITATIONS.

a. Respondent shall remain free of alcohol, prescription drugs and controlled substances not prescribed by a practitioner for legitimate medical purposes. Respondent shall have his physician report in writing to the supervising physician or therapist under paragraph 2.b.(1) all medications prescribed to the Respondent within 3 days of such prescribing.

b. Rehabilitation Program. Respondent shall arrange for and enter and remain in a rehabilitation program acceptable to the Board for

the treatment of chemical abuse and dependency. Such a program shall consist of the following elements and requirements:

(1) Respondent shall undergo and complete within 14 days of the date of this order a comprehensive evaluation and assessment for chemical abuse and/or dependency through Addictive Disease Medical Consultants and the McBride Center for Impaired Professionals, Milwaukee, Wisconsin, under the supervision and direction of Dr. Charles Engel, M.D., (hereinafter, "supervising physician or therapist"). The supervising physician or therapist shall be responsible for the Respondent's total assessment and rehabilitation program. Respondent shall immediately provide a copy of this order to his supervising physician or therapist. The supervising physician or therapist performing the assessment shall be provided with copies of the Division of Enforcement's investigative materials regarding this matter for review prior to the date of assessment. A full written report of the evaluation and assessment shall be provided directly to the Board by the supervising physician or therapist within 30 days of the date of this order. The chemical dependency assessment report shall include:

- (a) An evaluation of Respondent's level of cooperation in the assessment and influence thereof on the assessment's conclusions,
- (b) Diagnosis of Respondent's condition,
- (c) Recommendations for treatment,
- (d) Work restrictions if any, and
- (e) Prognosis for Respondent's success in rehabilitation.

The results of the evaluation and assessment shall be considered in establishing the elements and goals of Respondent's rehabilitation and treatment program, subject to the requirements of this order. Respondent shall participate in and comply with all recommendations for treatment, subject to the requirements of this order.

Following the evaluation and receipt of the report upon the evaluation, the Board, on its own initiative or request of the Division of Enforcement, may modify any of the terms of this order as the Board deems necessary and appropriate based upon the results of the evaluation. The Board shall afford an opportunity for hearing under the provisions of ch. RL 1. Wis. Adm. Code, to the Respondent if the Board modifies the terms of this Order under the terms of this paragraph.

(2) The rehabilitation program shall include and Respondent shall participate in individual and/or group therapy sessions upon a schedule as recommended by the supervising physician or therapist.

(3) Respondent shall attend Narcotics Anonymous and/or Alcoholic Anonymous meetings or an equivalent program for

recovering professionals, upon a frequency as recommended by the supervising physician or therapist. If AA/Na meetings are recommended, attendance of Respondent at such meetings shall be verified and reported monthly to the supervising physician or therapist.

(4) Respondent's rehabilitation program shall include and Respondent shall participate in a program of random, witnessed collection of urine and/or blood specimens for monitoring for the presence of all controlled substances, including in particular but not limited to cocaine or its metabolites, and alcohol in his blood and/or urine on a frequency of not less than eight times per month.

Following the evaluation and receipt of the report upon the evaluation required under paragraph 2.b.(1), and upon petition by Respondent, the Board in its discretion based upon the results of the evaluation and with due consideration for protection of the public under all the circumstances may modify the minimum frequency of random, witnessed urine screens to not less than 4 times per month. A denial of such a petition for modification under this subparagraph shall not be deemed a denial of license under sec. 227.01(3), or 227.42, Wis. Stats.. or Ch. RL 1, Wis. Adm. Code, and shall not be subject to any right to further hearing or appeal.

All urine screens shall include testing and reporting of the specific gravity of the urine specimen.

The random drug and alcohol screening program shall include weekends and holidays for collection of specimens. Failure of the drug and alcohol screening program to be conducted on a random basis shall be deemed a violation of this Order and may result in denial of extension of Stay of Suspension, disapproval of the monitoring facility or program, or other action as deemed appropriate by the Board.

The Respondent shall appear and provide a specimen not later than 5 hours following a request for a specimen, but in no event later than the same calendar date that the request is made.

If the physician or therapist supervising the Respondent's plan of care, Respondent's employer, the Pharmacy Examining Board or the Department of Regulation and Licensing, Division of Enforcement deems that additional blood or urine screens are warranted, Respondent shall submit to such additional screens as requested or recommended. The supervising physician or therapist shall exceed the above stated minimum frequency for obtaining drug and alcohol screens to prevent ability of Respondent to predict that no further screens will be required for a given period because the minimum frequency for that period has been met.

The Respondent shall be responsible for obtaining a monitoring facility and reporting system acceptable to the Board. Respondent shall immediately provide a copy of this Order to the

monitoring facility conducting the collection of specimen and/or chemical analyses upon specimens for the random witnessed drug and alcohol screening program.

To be an acceptable program, the monitoring facility shall agree to provide random and witnessed gatherings of specimens for analysis for all controlled substances and alcohol. Any specimen that yields a positive result for any controlled substance or alcohol shall be immediately subjected to a gas chromatography-mass spectrometry (hereinafter, "GC-MS") test to confirm the initial positive screen results. The monitoring facility shall agree to immediately file a written report directly with the Pharmacy Examining Board, the supervising physician or therapist, and the Respondent's supervising pharmacist upon any of the following occurrences: if the Respondent fails to appear for collection of a specimen as requested; or if a drug or alcohol screen and confirmatory GC-MS test prove positive; or if the specific gravity of a urine specimen is below 1.008; or if the Respondent refuses to give a specimen for analysis upon a request authorized under the terms of this Order. Respondent shall arrange for quarterly reports from the monitoring facility directly to the Board and to Respondent's supervising physician or therapist providing the dates and results of specimen analyses performed. Such reports shall be due on dates specified in paragraph 1.d. above.

The monitoring facility shall further agree to keep a formal record of the chain of custody of all specimens collected and subjected to analysis. The facility shall further agree to preserve any specimens which yielded positive results for any controlled substance or alcohol, or specific gravity below 1.008, pending further written direction from the Board.

(5) Respondent shall arrange for quarterly reports from his supervising physician or therapist directly to the Board evaluating and reporting:

- (a) A summary of Respondent's progress in his rehabilitation program to date, and all recommendations for continuing rehabilitation treatment,
- (b) Respondent's attendance in NA/AA meetings,
- (c) Respondent's participation in and results of his random witnessed urine and/or blood screening program.

Such quarterly reports shall be due on the dates specified under paragraph 1.d. of this Order.

(6) Respondent shall arrange for agreement by his supervising physician or therapist to report immediately to the Board any conduct or condition of Respondent that may constitute a danger to the public in his practice of pharmacy, and any occurrence that constitutes a failure on the part of the Respondent to comply with the requirements of this Order or treatment

recommendations by the supervising physician or therapist, including any indications of consumption of alcohol or unauthorized use of any controlled substances, notice of any positive blood and/or urine screen for alcohol or controlled substances, and any urine specimen that is below a specific gravity of 1.008.

c. Practice of Pharmacy: Limitations and Conditions. Any practice of Pharmacy by Respondent during the pendency of this Order shall be subject to the following terms and conditions:

(1) Respondent shall not practice as a pharmacist in any capacity unless he is in full compliance with the rehabilitation program as specified and approved under this Order.

(2) Respondent shall arrange for an independent firm, which shall be approved in advance by the Board, to conduct accountability audits of all schedule II controlled substances and all generic and brand name formulations of Fiorinal with codeine, diazepam, Valium and Xanax, every three months for the duration of this Order. The audit shall be conducted by and certified by a licensed pharmacist other than respondent. Each quarterly audit shall be sent to the Board directly by the certifying pharmacist on the due dates specified for quarterly reports in paragraph 1. d. above. Any discrepancy or missing drugs indicated by the audits shall be immediately reported in writing to the Board.

3. Respondent shall provide and keep on file with his supervising physician/therapist and all treatment facilities and personnel current releases which comply with state and federal laws, authorizing release of all his medical and drug and alcohol counseling, treatment and monitoring records to the Pharmacy Examining Board and the Department of Regulation and Licensing, Division of Enforcement, and permitting his supervising physician/therapist and treating physicians and therapists to disclose and discuss the progress of his treatment and rehabilitation and all matters relating thereto with the Pharmacy Examining Board or its duly authorized representatives or agents. Copies of these releases shall be filed simultaneously with the Pharmacy Examining Board and the Division of Enforcement. Respondent shall also provide and keep on file with his probation and parole officer current releases authorizing release of all probation and parole information and reports regarding Respondent to the Pharmacy Examining Board and the Division of Enforcement, and authorizing his probation and parole officer to discuss with the Board or its authorized agents and representatives Respondents history, progress and status and all matters relating thereto. Copies of these probation and parole records releases shall be filed simultaneously with the Board and the Division of Enforcement.

4. The Respondent shall report to the Board any change of employment status, residence address or phone number within five (5) days of any such change.

5. Respondent shall pay costs of this investigation under Wis. Stats. section 440.22 in the amount \$741, to the Department of Regulation and Licensing, which costs shall be paid within 60 days following the date of this Order.

6. Respondent shall not own in whole or in part any interest in a pharmacy except The Prescription Center Pharmacy, Inc., 330 East Mason Street, Milwaukee, Wisconsin, during the period of time this Order remains in effect.

7. Following successful compliance with and fulfillment of the provisions of paragraph 2. of this Order for a period of two years, the Respondent may petition the Board, in conjunction with an application for extension of the stay of suspension, for modification of the conditions or limitations for stay of suspension. Any such petition shall be accompanied by a written recommendation of the Respondent's supervising physician or therapist expressly supporting the specific modifications sought. A denial of such a petition for modification shall not be deemed a denial of license under sec. 227.01(3), or 227.42, Wis. Stats., or Ch. RL 1, Wis. Adm. Code, and shall not be subject to any right to further hearing or appeal.

8. Respondent shall be responsible for all costs and expenses of complying with this Order and for arranging any alternative means for covering such costs and expenses.

9. The Board in its discretion may conduct unannounced inspections and/or audits, and make copies, of pharmacy records and inventory at any pharmacy owned by Respondent or where Respondent is employed as a pharmacist.

10. Violation of any of the terms of this Order or of any law substantially relating to the practice of pharmacy may result in a summary suspension of the Respondent's license, the denial of an extension of the stay of suspension, the imposition of additional conditions and limitations, or the imposition of other additional discipline, including revocation of license.

11. This Order shall become effective immediately upon issuance by the Pharmacy Examining Board, except for provisions 2.a., which is effective the date of signing by Respondent.

Dated this 14 day of SEPTEMBER, 1993.
